

Oh so
VIRTUOSO

Loving WHAT WE DO

Virtuoso Doors was founded in 1981, with an ambition to always make the finest doors in the industry. Today, as the team continues to grow, we have built the business to make Virtuoso Doors Britain's favourite door manufacturer.

Virtuoso Doors has always been a byword for quality, service and reliability, and whilst it operates independently, being part of a bigger fenestration group has enabled us to develop to where we are today. In terms of capability, capacity and future planning, we've come a long way too. Securing strong financial backing for our new state-of-the-art facility in Gateshead has been one of our proudest achievements. The new building is equipped with cutting edge technology and manufacturing machinery to continue our quality offering, but it would be nothing without our ultimate USP's; talent and expertise.

With all this new investment and inherent craftsmanship, our range of doors is the largest it's ever been, the quality ever better, a choice of finishes and door furniture that only comes from the flexibility of design, and a team of people who are loyal, talented and love what they do.

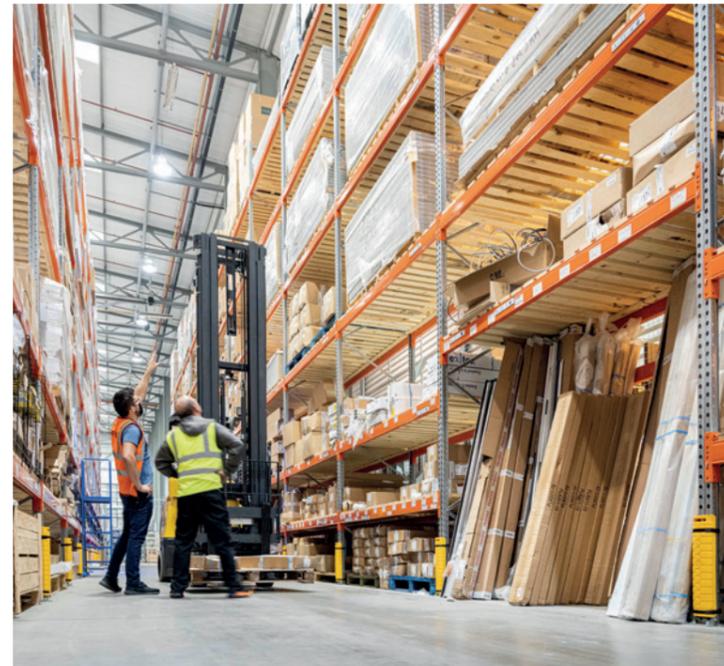

That's why we'll always be proud to be Virtuoso.

From opening our doors

TO MAKING AN ENTRANCE

Virtuoso Doors manufactures high-end GRP Composite Doors and PVCu infill panels, and has grown with a reputation for quality born out of experience and the excellence of our products. Operating from our 120,000sq.ft. state-of-the-art manufacturing facility in Gateshead and employing over 120 highly skilled people, Virtuoso Doors has become one of the industry's largest and most respected manufacturers.

The perfect combination of cutting-edge precision engineering and expertise means Virtuoso doors have incredible accuracy, stunning detailing and unrivalled quality. It's Crafted Precision, and it's built into every door we've made and how we'll always make them.

A door shouldn't be just a door, it should be the security of a building, part of its kerb appeal, its interior warmth and its resilience. That's why a Virtuoso door is different – because we've been crafting our doors to deliver only the finest entrances for 40 years.

Our manufacturing

CAPABILITY

A newly-installed automated paint line allowing for greater choice of custom colours, a flawless finish and impeccable quality. A new lift system enabling speed of manufacture without compromising safety. And a new compressed air system and state-of-the-art extraction system to complement our new installations. It's how we continue to deliver a door that's crafted for precision, and how we continue to comfortably service our customers.

Stuga flowlines, quad welders and CNC corner cleaners ensure a perfect composite door frame. SCM beam saws, edge banders and twin bed CNC machines ensure a perfect door slab. These tooling machines and the expertise of the people who operate them, create individually perfect doors. A service that makes us the choice of many.

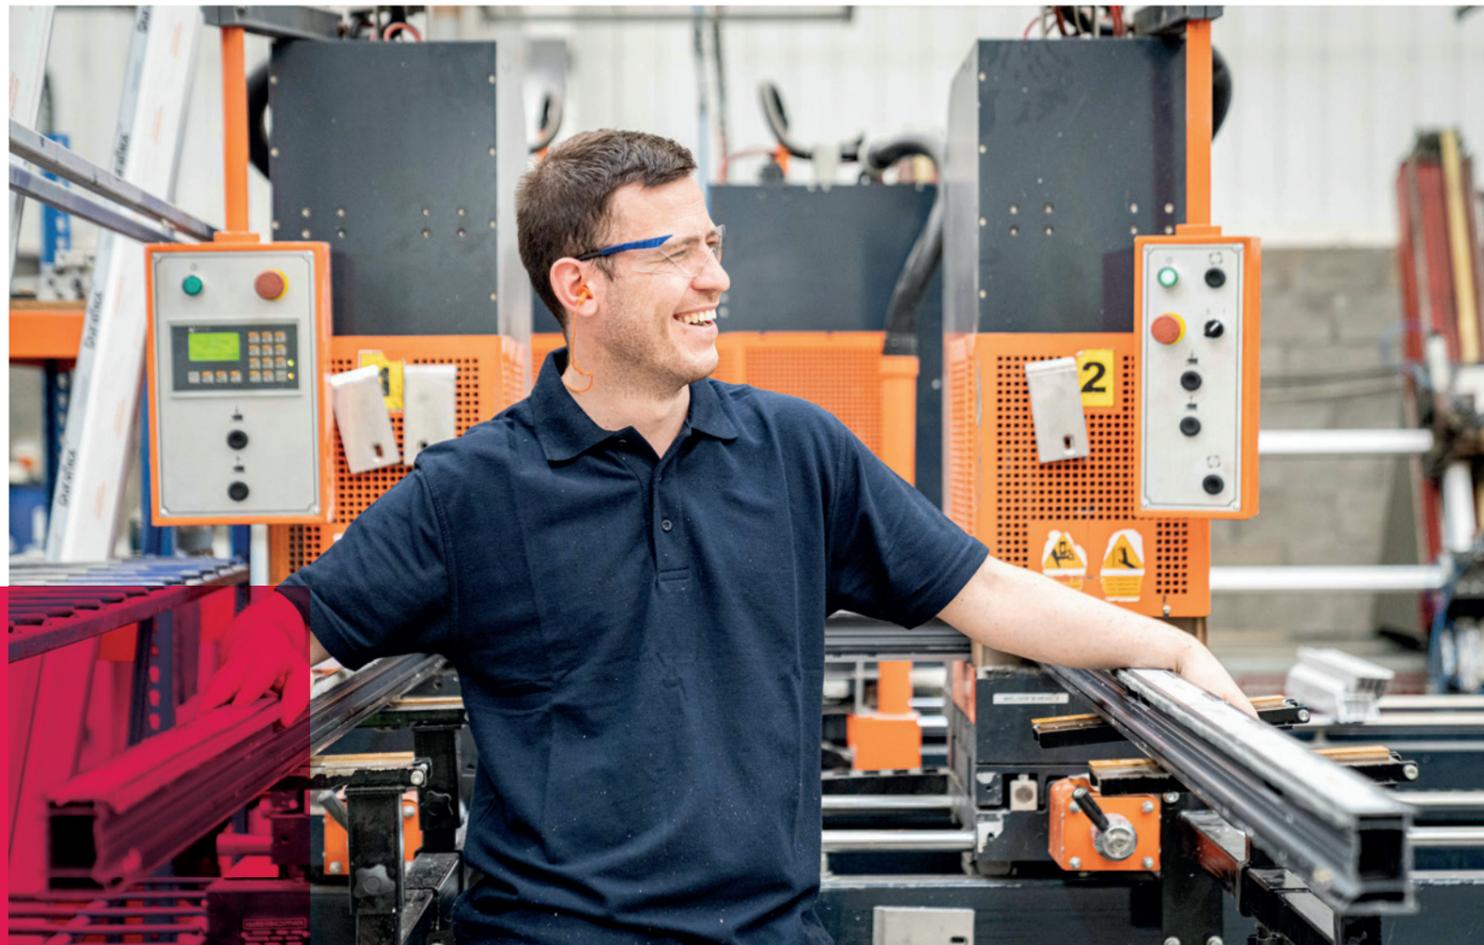

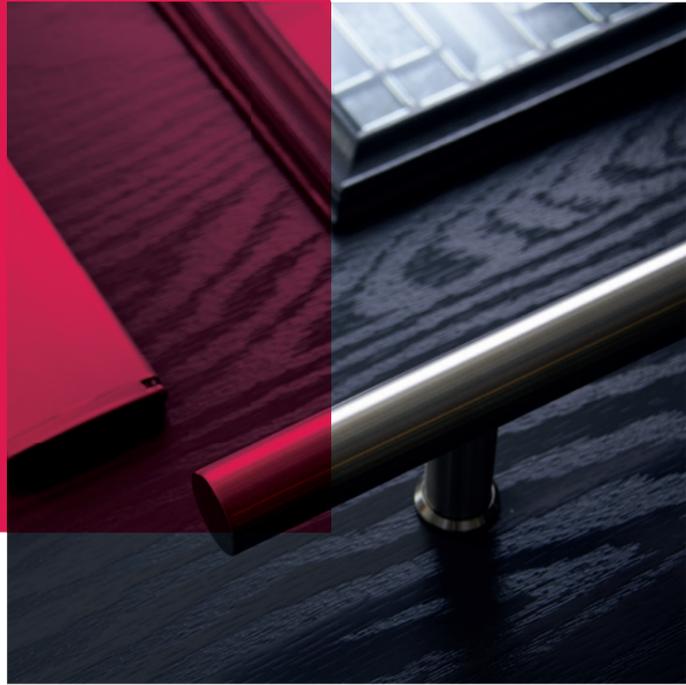

Our people

MAKE IT HAPPEN

We are fortunate to employ some of the best people in the industry. Our highly trained teams are seasoned specialists – some with a proud long-standing service, providing a personal touch and professional relationships customers have come to enjoy and expect.

Our manufacturing teams have inherent knowledge of what truly makes the perfect door. They love what they do, the results of their work and the pleasure it brings in the finished article.

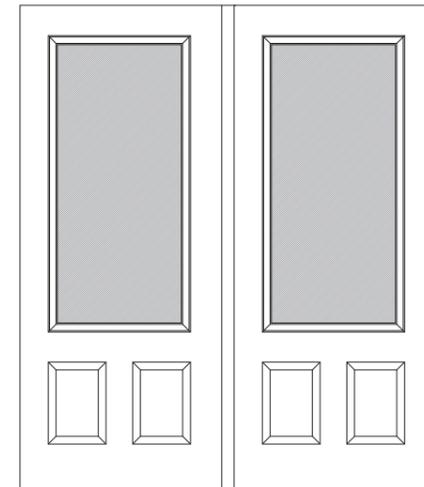

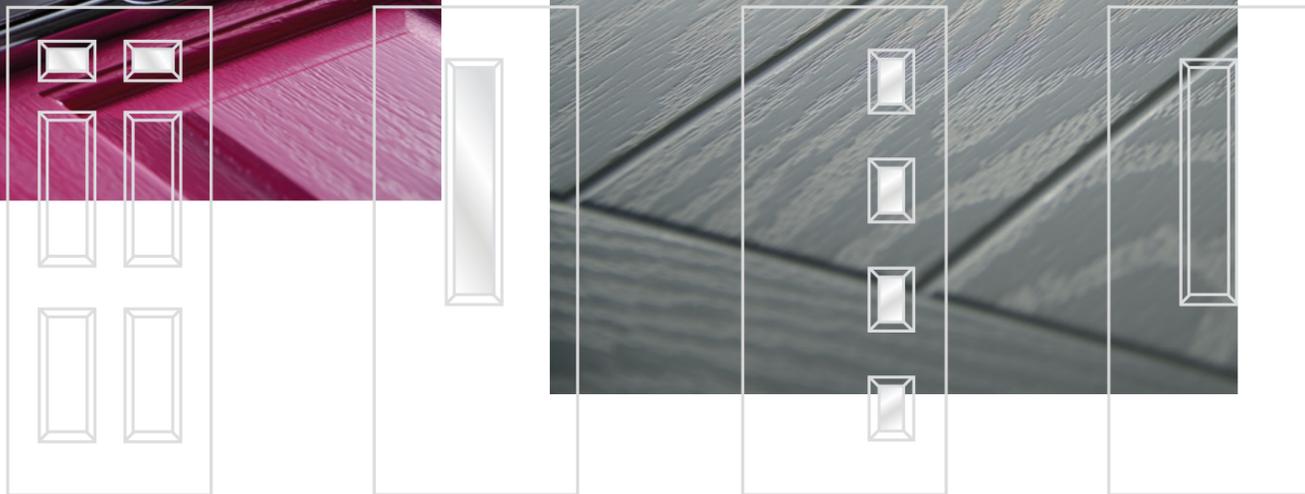

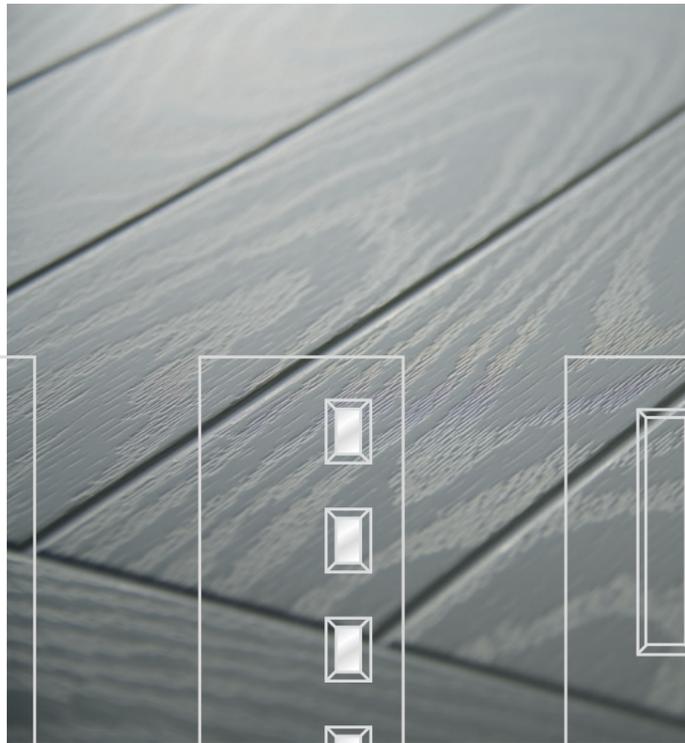

The Virtuoso

DIFFERENCE

Virtuoso doors aren't just made, they're engineered using composite materials of the highest grade for strength, as well as for thermal efficiency. The most robust Glass Reinforced Plastic delivers a door with an extended lifespan whilst a superior Yale Mantis three-hook high security multipoint locking system delivers ultimate peace of mind.

As the UK's favourite door brand, Virtuoso naturally offers one of the largest ranges in the market. From our traditional, cottage and contemporary ranges, to our French door and stable door ranges, there's a Virtuoso door to complement any style of building. And with a beautiful ultra-modern aluminium textured, non-woodgrain finish, our Virtu-AI composite door range will deliver the sleek, stylish and sensational result your customers demand.

Delicate. Complex. Minimalist.

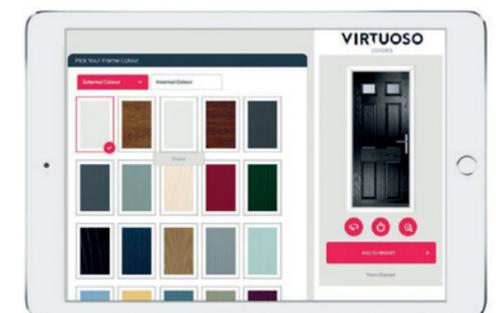

WELCOME TO THE GLASS COLLECTION

Our glazed doors come with double or triple glazed glass options and are lovingly hand-assembled in our workshop. The team of specialists work to exacting standards to bring you a beautiful door with outstanding results, and include lead, bevels, sandblasted, coloured glass and resin bevels.

Design a Door

A Virtuoso door is a beautiful addition to your customers' property, but with our 'design-a-door' tool, your customers can choose the style, colour and door furniture to create a Virtuoso door that's uniquely 'theirs'. Simply visit virtuoso-doors.co.uk and select the design-a-door portal, you'll discover a multitude of possibilities in just a few clicks. The process is easy too. Once the door has been configured, add it to the basket, complete a quick form and we'll send you an instant quote and summary for your customer's new door. You can even check its status via your Trade login.

Better for your pocket

BETTER FOR THE PLANET

Designed to be energy efficient, a Virtuoso door can help lower a home's carbon footprint as well as contributing to lower energy bills. Every core is fully compliant with the Part L Building Regulations. Each-and-every Glass Reinforced Plastic outer skin is scrutinised for blemishes and tested to withstand extreme weather, temperature, bumps and bashes. Triple glazed units offer even better insulation. And virtually-air-tight twin seals contribute to heat retention, whilst keeping draughts where they belong – outside! Simply, a draught-free home is a warmer home.

In a continued effort to improve our environmental impact we're also making big changes to our day-to-day operations, so you can enjoy the peace of mind having greener doors can bring – both inside and out.

We recycle all cardboard and plastic packaging which comes into the factory. We're increasing energy efficiency by transforming factory lighting usage. And we have drastically reduced the amount of general waste going to landfill by 40%.

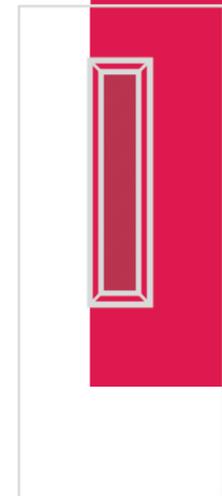

Making EVERYTHING SIMPLE

From the point of placing your order, our dedicated and committed team is on hand to ensure your order is processed efficiently and professionally, whilst keeping you informed along the way until you receive your customer's perfectly crafted Virtuoso door.

With unbeatable product choice and a simple ordering and quoting process, you can be confident of an order and customer service experience that's quick, easy and professional.

Simply contact the team on 0191 410 9333 or at [virtuoso-doors.co.uk](https://www.virtuoso-doors.co.uk) and see how we can help your customers achieve something oh so special.
